

**California State University Channel Islands
Liberal Studies: Teaching and Learning Option**

Emphasis:

MATHEMATICS

Name: _____ ID# _____

The Math Emphasis will be useful for students with an interest in Math and Science and will help build a strong background for teaching Math.

Students should meet with a faculty advisor from Mathematics to design their Math Emphasis.

Students must take a minimum of nine units; at least three of the nine units must be upper division.

Emphasis Courses*:	Units	Institution	Grade	Term	Comments/ Substitute course
MATH 331 History of Mathematics	3				
Select six approved units:					
MATH	3				
MATH	3				
Total units completed for emphasis (minimum 9)					

*Suggested math courses may include: (Check with program advisor).

- MATH 230 (GE: A2), Logic (Strongly encouraged if critical thinking requirement has not been met)

Lower-division courses in this emphasis may be substituted with transferable community college courses. Students should work with their advisor to identify the courses that may be used to meet the emphasis requirements.

Faculty Advisor: _____

Submit to the Advising Center when completed.
