

California State University Channel Islands
Liberal Studies: Teaching and Learning Option
Emphasis:

SCIENCE

Name: _____ ID# _____

The Science Emphasis is designed to provide depth of study in the general area of science and to prepare a future teacher to specialize in science teaching. Students are strongly encouraged to take courses from at least two different disciplines, e.g., CHEM, PHYS, BIOL and GEOL, etc.

Students must take a minimum of nine Science units: at least three of the nine units must be upper division; at least one of the courses must have a laboratory component. (Consider choosing two upper division courses; one of the courses should be an Upper Division Interdisciplinary GE course (courses numbered 330-349 or 430-449)).

Emphasis Courses:	Units	Institution	Grade	Term	Comments/ Substitute course

*Course listings may change in the future with new course approvals.

Lower-division courses in this emphasis may be substituted with transferable community college courses. Students should work with their advisor to identify the courses that will be used to meet the emphasis requirements.
